**Community Update Letter: Recommencement of Works at Riverstone Plant**

Dear Local Resident,

This letter is to inform you that work has recommenced, effective this week at the Bush's Proteins Riverstone Plant on Windsor Road, Riverstone.

Since the temporary pause in production last November, Bush's Proteins have implemented several significant updates and improvements at the Riverstone Plant. These include a comprehensive deep clean of the whole production line, the upgrade of the bio-filters, and a number of major improvements to the wastewater management system.

Over the past eight weeks, Bush's Proteins has invested significant efforts and resources to enhance the overall operations at the Riverstone Plant. Their commitment extends to operating in strict accordance with the Australian Standard for the Hygienic Rendering of Animal Products, ensuring compliance with all industry standards and codes of practice.

Your feedback is important to us, and we invite you to share your thoughts and experiences with us. We are available to provide information about the recent works through the contact channels listed below. **Please rest assured that all feedback will be treated anonymously, and your private details will be kept confidential.**
